

This exploded view diagram illustrates the assembly of a chainsaw. The components are numbered 1 through 62. Key parts include the main body (1), guide bar (2), chain (3), sprocket (4), and various internal gears and bearings (5-10). The diagram also shows the trigger switch (11), throttle lever (12), and handle (13). A 'DATE CODE' label is positioned near the main body. The diagram is oriented horizontally, with the handle on the left and the guide bar on the right.
